Living honestly up to the letter of the law, lending ourselves sincerely to the services of our country or any part thereof in any form in which we can serve effectively makes a democracy more dynamic than other forms of government because of the mass good will of all. Not what we get from our country but what we give measures our patriotism. Let us dedicate ourselves unreservedly to our America for our America especially in these virulent, chaotic days.

DEPARTMENTS

HOME ECONOMICS

CLARA B. NEUBAUER
(Head of Department)

The Home Economics courses offered in B. T. H. S. are planned to provide training in the various activities of home life needed as a foundation in good homemaking and an introduction to courses a student may be interested in studying in college. Home Economics in our high schools and colleges no longer consists of just cooking and sewing. It provides courses needed to meet the growing demand in professional and commercial fields for Home Economics trained women as well as for the Home-making profession.

Foods I includes a study of the composition, selection and preparation of foods, planning and serving breakfasts and luncheons.

Foods II includes a study of food preservation, planning and serving dinners, marketing and special diets in relation to health.

Foods III is a course in meal planning, table service, and etiquette.

Clothing I includes the study of the selection and care of sewing equipment, fundamental processes for all sewing, personal grooming, a study of fibers and qualities of materials, planning, selection and construction of simple undergarments and dresses, and care and repair of garments.

Clothing II includes the study of design and color in relation to planning and selection of garments, simple tailoring, remodeling and construction of children's garments, and simple sports clothes.

Clothing III includes a review of principles of design and color in relation to dress, hygienic principles underlying dress, the economic aspects of dress, and the study of historic costumes and their relation to modern dress. This course also includes lessons in various kinds of hand work such as smocking, fagoting, hemstitching, knitting and crocheting, etc. Also included are: making of a handsome garment or article for the home, make over garments, afternoon and simple tailored garments. Projects are selected according to needs and ability of students.

Clothing IV includes the study and practice of pattern making and fitting, simple costume designing, dyeing of materials, study of selection of furs and laces, consumer problems in selection of clothing, and textile fabrics. Current textile topics and projects are chosen according to needs and ability of students in the class.

Clothing V teaches students the qualities to look for in selection of household textile articles, such as, rugs, curtains, draperies, table linens, etc. Projects are selected according to needs and ability of students with just one requirement that of making a suit or coat for one of the projects.

Homemaking V includes study of the home and family, home management, study of wise expenditure of the income, relation of home to community, child care and development.

Homemaking VI includes planning and furnishing the home, care of the home, planning the wise use of time, health and care of sick in the home, education and training of little children, our responsibilities to all children.

PHYSICAL EDUCATION DEPARTMENT

ALICE KIRCHER
EDGAR GUNDERSON
(Heads of Department)

Physical education is the systematic development of bodily health. Particularly significant to the success of the B. T. H. S. physical education program is the departmental division into boys' and girls' activities.

This program is achieved by scientific supervision of exercises, sports, and rhythmic activities, all of which breeds a healthy mind and body, develops muscular coordination, physical grace, and tenders leadership and fair play.

Yearly physical and medical examinations are given to every pupil, and he is shown the value of such periodic examinations so that he will willingly continue the practice.

INDUSTRIAL ARTS DEPARTMENT

H. R. BRILL
(Head of Department)

The Industrial Arts Department offers three years' work in mechanical drawing, machine shops, and wood shops; and one year in auto mechanics. The department as a whole has the following aims: to teach the work on a problem solving basis, to promote industry, cooperation and the worthy use of leisure time outside of school hours, recognition of value in buying and insight into allied trades and knowledge of trade products.

The mechanical drawing section offers work in the fundamentals of drawing, lettering and sheet metal development the first year, machine drawing the second year; and architectural drawing the third year. The architectural drawing consists of fundamentals, house plans, elevations, perspectives, planning and estimating.

The wood shops offers beginning bench work the first semester: advanced bench work, turning, band saw, mortiser, tenoner and belt sander work the second semester. Students taking shop work are required during the sophomore year to take machine shops of auto mechanics, which includes bent metal work, use of the drill press, power hack saw, lathe and shaper work.

During the junior year, shop students may choose between Wood Shops 5 and 6 and Machine Shops 5 and 6. Wood Shops 5 consists of beginning mill work; Wood Shops 6, advanced mill work; Wood Shops 7, pattern making; and Wood Shops 8, shop foremanship. Machine shops 5 and 6 consists of advanced work on lathe, shaper, miller and planer. The difficulty of the work advances from one piece tools the first semester to small machines the fourth semester.

One years' work is offered in auto mechanics, which includes a study of the construction, care, operation, and repair of the modern automobile.

All students majoring in the field of Industrial Arts are required to take at least two years of Mechanical Drawing.

MODERN LANGUAGE DEPARTMENT

H. A. KANZLER
(Head of Department)

The Modern Language Department offers three years of French, two years of Spanish, and three years of German. In the first year, the fundamentals of the grammar of the language are emphasized; while in the second year, more time is given to reading. The primary aim of the course is to impart a reading knowledge, while the ability to speak and write the language is taught as a secondary aim. French is offered in the Freshman year, German in the Sophomore year, and Spanish in the Junior year.

In the French and Spanish classes, the new language, Literature, and Life series of texts is being used, which contain grammar, reading, and essays in English concerning the foreign country and its people. Personal correspondence is carried on in the advanced classes with foreign students. In these ways, a third aim is fostered—that of imparting knowledge of the foreign country, past and present, and inspring an interest in the life and characteristics of its people.

LIBRARY DEPARTMENT

JESSELYN GRIEVE
(Librarian)

For a fundamental knowledge of the arts and sciences all of us depend largely upon books. The High School Library has over six thousand books and subscribes for forty-three periodicals.

A course in Library Practice is offered each hour of the day. Any student who has the consent of the principal and librarian may become a library assistant who attends to the circulation of books and magazines and assists those who are less familiar with the library.

DEPARTMENTS

ENGLISH DEPARTMENT

ORENA FARMER

(Head of Department)

The first aim of education must be to train man in the use of language. His power of speech controls his thought, his pleasures, his work, his personality, and his place in society. By and large a democracy depends on the intelligent understanding and expression by its citizens of facts and ideas.

The English curriculum is adjusted to the individual student as far as group teaching permits. Reading tests are given to all freshmen so that materials may be used suitable to the varying abilities. All work in the English course is planned to start with present needs of the pupils.

The reading is arranged in units; such as, **Glorious Adventure, Kinship with Nature, In Step with the Scientist, Early American Life, Choosing a Career, Learning More About Others, Feelings Expressed through Poetry, In the Realm of Fancy.**

The composition has units in letter-writing, the study of magazines, grammar, story-telling and writing, courtesy, and the like. Panel discussions, parliamentary drill, and conversation have superseded formal debate.

The senior students may elect special courses in public speaking, journalism, or English preparatory for college in place of the regular English courses.

The aim of the English department is to make the work functional so that what is learned will have immediate as well as future value.

MUSIC DEPARTMENT

EDWIN H. PETERS

HOPE BAER

(Heads of Department)

Edwin H. Peters directs the band, orchestra, and instrumental quartets. The various quartets have brought State and National honors to our school by winning contests in their respective groups. Five band and orchestra members took first place in the District Solo Contest held at O'Fallon, March 15.

The band plays at all of the home football games, parades, picnics, and various civic functions. In addition to this the band competes in the Class "A" division of the Illinois School Band Contest, plays in assembly programs, and presents concerts. The band also sponsors a Military Ball each year.

The orchestra presents several programs during the year. Several members are selected each year to play in the Illinois All-State Orchestra.

Musical courses taught by Mr. Peters are: Music Appreciation, Harmany, Theory, and History of Music. The departments presented a Musicale, November 28, which was a tremendous success.

Miss Baer teaches Voice and Piano, directs the A Capella Choir and the glee clubs, and trains the girls' sextet and boys' quartet.

The A Capella Choir has sung in various churches, and for numerous clubs throughout the city. This year's engagements included a program at Scott Field and one at the State P. T. A. Convention.

The glee clubs have been very active this year. They participated in the Musicale. Last November 8 members of the glee clubs were selected to sing in the All-State Chorus which met at the University of Illinois. On April 25, ninety-five of the glee club members sang in the Southwestern Illinois Choral Festival which was directed by Olaf Christiansen, and held at Woodriver.

The sextet and quartet have filled many singing engagements throughout Belleville during the entire school year, having sung for churches, clubs and civic affairs.

This department presented on April 28, the operetta, "Belle Of Barcelona". The combined glee clubs and choir formed the singing chorus for this production.

PHYSICAL SCIENCE DEPARTMENT

JOHN A. KARCH

(Head of Department)

The purpose of this department is to introduce the students to the workings of the natural forces so that they may better appreciate the world in which they live.

Physiography is offered during the second year. A well equipped laboratory makes it possible to study the materials of the earth's crust, and the changes wrought by the forces of nature in forming the natural features of the surface of the earth. A study is also made of weather conditions, records being kept of temperature, barometric pressures, etc., including the conditions that lead to rainfall and even those that favor hurricanes.

Chemistry may be taken during the Junior year. One year of algebra is a prerequisite. The science is taught so as to give a knowledge of the technical language, the formulas, and the laboratory techniques of chemistry; thus giving a thorough preparation for those who may continue the study of chemistry in college. But for those who may not continue the study of chemistry, frequent reference is made to the services of chemistry to society through its contribution to health, agriculture and industry.

Physics is given during the Senior year. Algebra and plane geometry are required. A thorough and practical knowledge of the principles of simple machines, of optics, and of electricity is taught. The application of these principles so commonly used in the homes today is stressed. With so much electrical apparatus in use, it would be quite an advantage for the homemaker to have a better understanding of the machines she is using. The laboratory is well equipped for this purpose.

AGRICULTURE DEPARTMENT

L. F. LENTZ

(Head of Department)

The aim of vocational agriculture is to prepare boys for the work on the farm. The vocational law sets up certain requirements for the local schools, which in agriculture are sane and practical. Each boy enrolled must carry on six months of farm practice under the supervision and instructions of the teacher of agriculture. Work is done, records are kept, studies are made, and instruction is given, both in school and out, based upon the project.

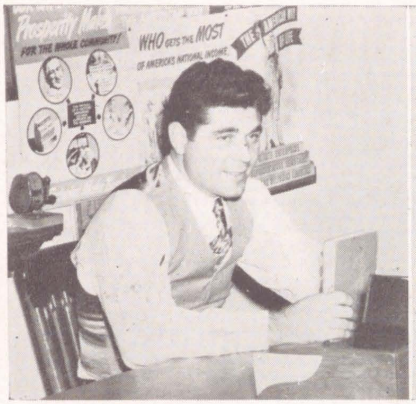

This department has a room equipped primarily for instruction in agriculture. It has a "farm shop" for teaching of "farm mechanics." Farm Mechanics work includes all of the unspecialized mechanical activities that should be done on the average farm such as farm woodwork, home conveniences, forge work, soldering, harness repair, rope work, and farm machinery.

The school offers three years of agriculture—one of soils, crops and horticulture, one in animal husbandry and a year in farm shops.

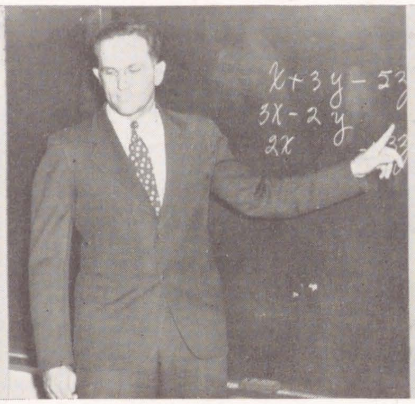

The F. F. A. was and is designed to supplement training opportunities for boys who are progressing toward the goal of establishment in a farming business. Through the F. F. A. activities the cooperative spirit is fostered and individual talent is discovered and developed. Here is a school of experience in the art of working together for a common good. This organization embodies the fundamentals of a true democracy. Each member has individual responsibility resting on his shoulders, but teamwork is essential to lasting accomplishment.

Future farmers not only work well together, but they know how to provide organized recreation for themselves and others in the community. Many State associations own and operate State-wide camps which combine recreation and health protection with leadership-training activities that reach every Chapter in the State.

DEPARTMENTS

ART DEPARTMENT

JEAN SNYDER
(Head of Department)

The study of art is intended primarily to raise the standard of taste in the average pupil and to discover and develop talent in the gifted student. Design—the basis of any art—is taught through a variety of media: metals, wood, watercolor, pencil, charcoal, clay, plaster, leather, tempera.

The art department now offers four courses: Introduction to Art, Painting, Commercial Art, and Crafts. Introduction to Art is a prerequisite to any of the other three. A student wishing to major in art may take a third year of advanced work in any course he chooses.

Besides the regular class work, students design and paint scenery for some of the plays, make cuts for the school paper, and posters and program covers for school functions.

BIOLOGY DEPARTMENT

F. J. FRIEDLI
(Head of Department)

The Biology department offers courses in biology, botany, and zoology. The course in biology is required of all freshmen and botany elective to sophomores and zoology to juniors and seniors. Each course extends throughout the year.

These biological subjects are of great cultural value as well as of wide practical application. There is no person who does not come in contact with them daily in some of their phases. The home, the farm, the wayside, the wood, the lake, the stream, and even the air contain living materials which are both interesting and instructive. Our furniture, our food, our clothing are largely of a biological nature. Our gardens, our lawns, our field crops, our industries, and our health are indispensable adjuncts of every-day life. Not only do they possess cultural and aesthetic values, but at the same time they represent much wealth. So significant and universal are the applications of biology in education and life that a study of these great branches of science has unusual importance.

COMMERCIAL DEPARTMENT

JAMES E. TRABUE
(Head of Department)

The Commercial Department is faced with a two-fold responsibility in education: first, to offer the students a fundamental vocational training that will enable them to support themselves according to a good standard of living; secondly, to give the students the social and economic background to develop a knowledge of social conditions and needs, a consciousness of belonging to cooperative society, and a sense of responsibility to that society.

To fulfill these obligations a four year curriculum is planned in which vocational courses and social sciences are offered. The vocational work is as follows: two semesters of general business training, nine semesters of secretarial studies including office practice and advanced transcript, five semesters of bookkeeping including cost accounting and fundamental principles of auditing; two semesters of fundamental business arithmetic; one semester each of salesmanship, advertising, and business correspondence.

The social sciences offered include one semester's work in each of the following subjects: Social Problems, Commercial Geography, Commercial Law and Economics.

The Departments place a great deal of emphasis on job placement work for the graduates and endeavors to maintain a job-follow-up system for the benefit of the employers, employees, and the school.

MATHEMATICS DEPARTMENT

E. G. HEXTER
(Head of Department)

The place which mathematics should have in the educational program is to be determined by appraising the ways it assists in attaining the following objectives: the ability to think clearly; the ability to use information, concepts, and general principles; the ability to use fundamental skills; the development of desirable attitudes, and the development of interests and appreciation. It isv ery essential to consider how mathematics has assisted in the development of our civilization and the exent to which we now depend upon it. So old are some of its uses and so deeply are they imbedded in our culture, that they are in danger of being taken for granted and forgotten. On the other hand, the subject is at present finding employment in new ways which may not have come to the attention of people not directly concerned with mathematics.

The department of Mathematics offers a full four-year course as follows: Elementary Algebra I and II; Plane Geometry III and IV; Advanced Algebra V; Solid Geometry VI; Trigonometry VII and College Algebra VIII.

LATIN DEPARTMENT

PEARL JOHNSON
(Head of Department)

The Latin Department of the Belleville Township High School offers a four-year course. In the first year the fundamental and basic forms of the language are studied and practiced by means of sentences and short reading lessons which are based on events of Roman history.

These readings led up to Caesar's Commentaries in the second year. The third year is spent in translating Cicero's Orations and studying the history of the period of this orator's life. The fourth year is devoted to the reading of Virgil's Aeneid. Throughout the course one-fifth of the time is devoted to composition work.

In the Latin Club, which meets once a month, vocabulary, Roman customs, and grammatical forms are studied, but in the more informal manner by means of the cross-word puzzles, informal discussion, games, and short plays.

SOCIAL STUDIES DEPARTMENT

ALVIN NEBELSICK
(Head of Department)

The Social Studies, involving Economic, Social and Political relationships, are so alive and growing, that it is hard to see how anyone can think of them as dead and dry. They are, in reality, a little more than a study of the present, explained in the terms of the past. They look forward, not backward; they are dynamic, not static. Out of the world of yesterday the world of today has grown; out of the world of today will come the world of tomorrow. It is impossible to understand our times without a knowledge of the conditions which brought them about; it is equally impossible to make intelligent decisions for the future if we have only a meager understanding of the age in which we live. At least for a democracy, they are the most practical of all subjects, for in them the students learn the need for loyalty to the ideal that "government of the people, for the people, and by the people shall not perish from the earth." One overstates but little to say that any democracy will function smoothly only in proportion as these subjects are well-taught and well-understood.

HISTORY OF THE CLASS OF '41

The high school days of the Class of 1941 are drawing rapidly to a close. We have crowded into these past four years many enjoyable experiences, and have made lasting friendships.

As Freshmen we were bewildered and inexperienced. Gradually we began to find ourselves and to know and appreciate our faculty. Now we realize the great debt we owe to these teachers. It is largely through the inspiration and guidance of them as advisors that we have obtained knowledge and a sound basis for continued education.

Now that Commencement Day is near at hand, we have reached the cross roads. Our class will be separated —each going in pursuit of his particular field of interest. Though we are parted, our memories shall cling together. To these fond remembrances we pay an everlasting tribute.

With sincere wishes for the future, we bid farewell to the faculty, the student body, and good old Belleville Township High School.

JUNIOR CLASS HISTORY

We, as Juniors, are approaching the end of our third year, of our never-to-be forgotten and memorable high school days.

We, as the Class of 1942, had witnessed many joyful experiences, the selection of our class ring, the Junior Jam, and the most vivid of all, the Junior-Senior Prom.

We wish to extend our thanks and appreciation to Mr. Schmidt, the faculty, and our class sponsors to whom we are greatly indebted.

DORIS DAHM, Sec'y-Treas.

A winner never quits.

SOPHOMORE CLASS HISTORY

It seems a very short time since we entered school, but our class has accomplished much. Every member is now anticipating the time when he will be an upper classman.

There are some outstanding pupils such as Barbara Brosius, Sally Lou Bowman, Mary Ann Backs and Don Schmidt who bring credit to our class.

We have remarkable athletes in our class such as Elwood McCord, Dick McKelvey, Mike McGuire, and Warren Saas.

We hope in two years our record will be as good as it has been in the past two years.

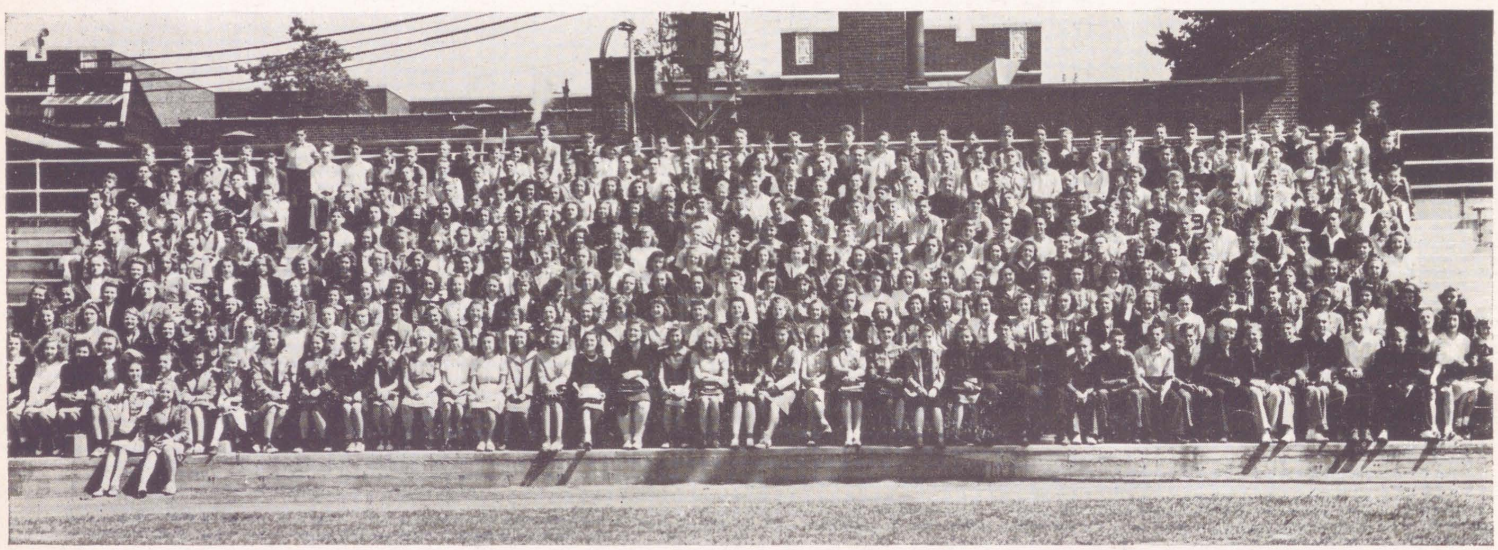

DON GROH, Sec'y-Treas.

HISTORY OF THE CLASS OF '44

With regret we come to the close of our first year. As "Green Freshmen" we came to B.T.H.S. and now, much wiser and more experienced, we enter our Sophomore year. We will never forget the many happy times we had as Freshmen.

Our class officers are Joan Hartell, President; Robert Coon, Vice-President; Betty Joseph, Secretary-Treasurer.

We wish to express our appreciation and gratitude to our class sponsors for their kind advice and help.

We always hope to live up to our motto, and to be ambitious and an enterprising class.

BETTY JOSEPH, Sec'y-Treas.
Class of '44

NEXT WE COME TO THE PAGES DEDICATED TO THOSE STUDENTS WHO HAVE GAINED RECOGNITION IN THE FIELD OF ATHLETICS—STUDENTS WHO HAVE SPENT MANY WEARY HOURS PRACTICING AFTER SCHOOL. THESE ARE THE STUDENTS WHO ARE WILLING TO BEAR THE HARD KNOCKS, THE DISAPPOINTMENT OF LOSING A GAME AND STILL SMILE. IN RECOGNITION OF THEIR EFFORTS, THESE STUDENTS ARE AWARDED THE COVETED SCHOOL LETTER. WE HAVE HEREIN ATTEMPTED TO PICTURE THESE ATHLETES IN THEIR CHARACTERISTIC MOODS.

ATHLETICS

FOOTBALL

First Row: Mike McGuire, Ray Swancutt, Don Schmidt, Elwood McCord, Dick McKelvey, Lester Miller, Ralph Groh, Jim Nivin, Hugo Heinemann, Jim McQuillan, Walter Taylor, Stan McCarron, Bob Caesar. Second Row: Jerry Leunig, Melvin Wegener, Dan Heely, Junior Edwards, Kenneth Siegel, Ralph Martini, Oliver Herzler, Ray McGaughey, Bob Groh, Lester Freeman, Robert Schrei, Jack Wangelin. Third Row: John Ogle, Tom Renner, John Neutzel, Wallace Miller, Lloyd Anna, Don Groh, Bud Paul, William Van Osdale, Bill McEvers, Paul Hanby, John Phillips, Bill Seib, Gene Bowlers. Fourth Row: Coach Tabor, Managers Bob Pilkington, Bill Hanft and Jim Harrison, Coach Rauth.

F. J. FRIEDLI

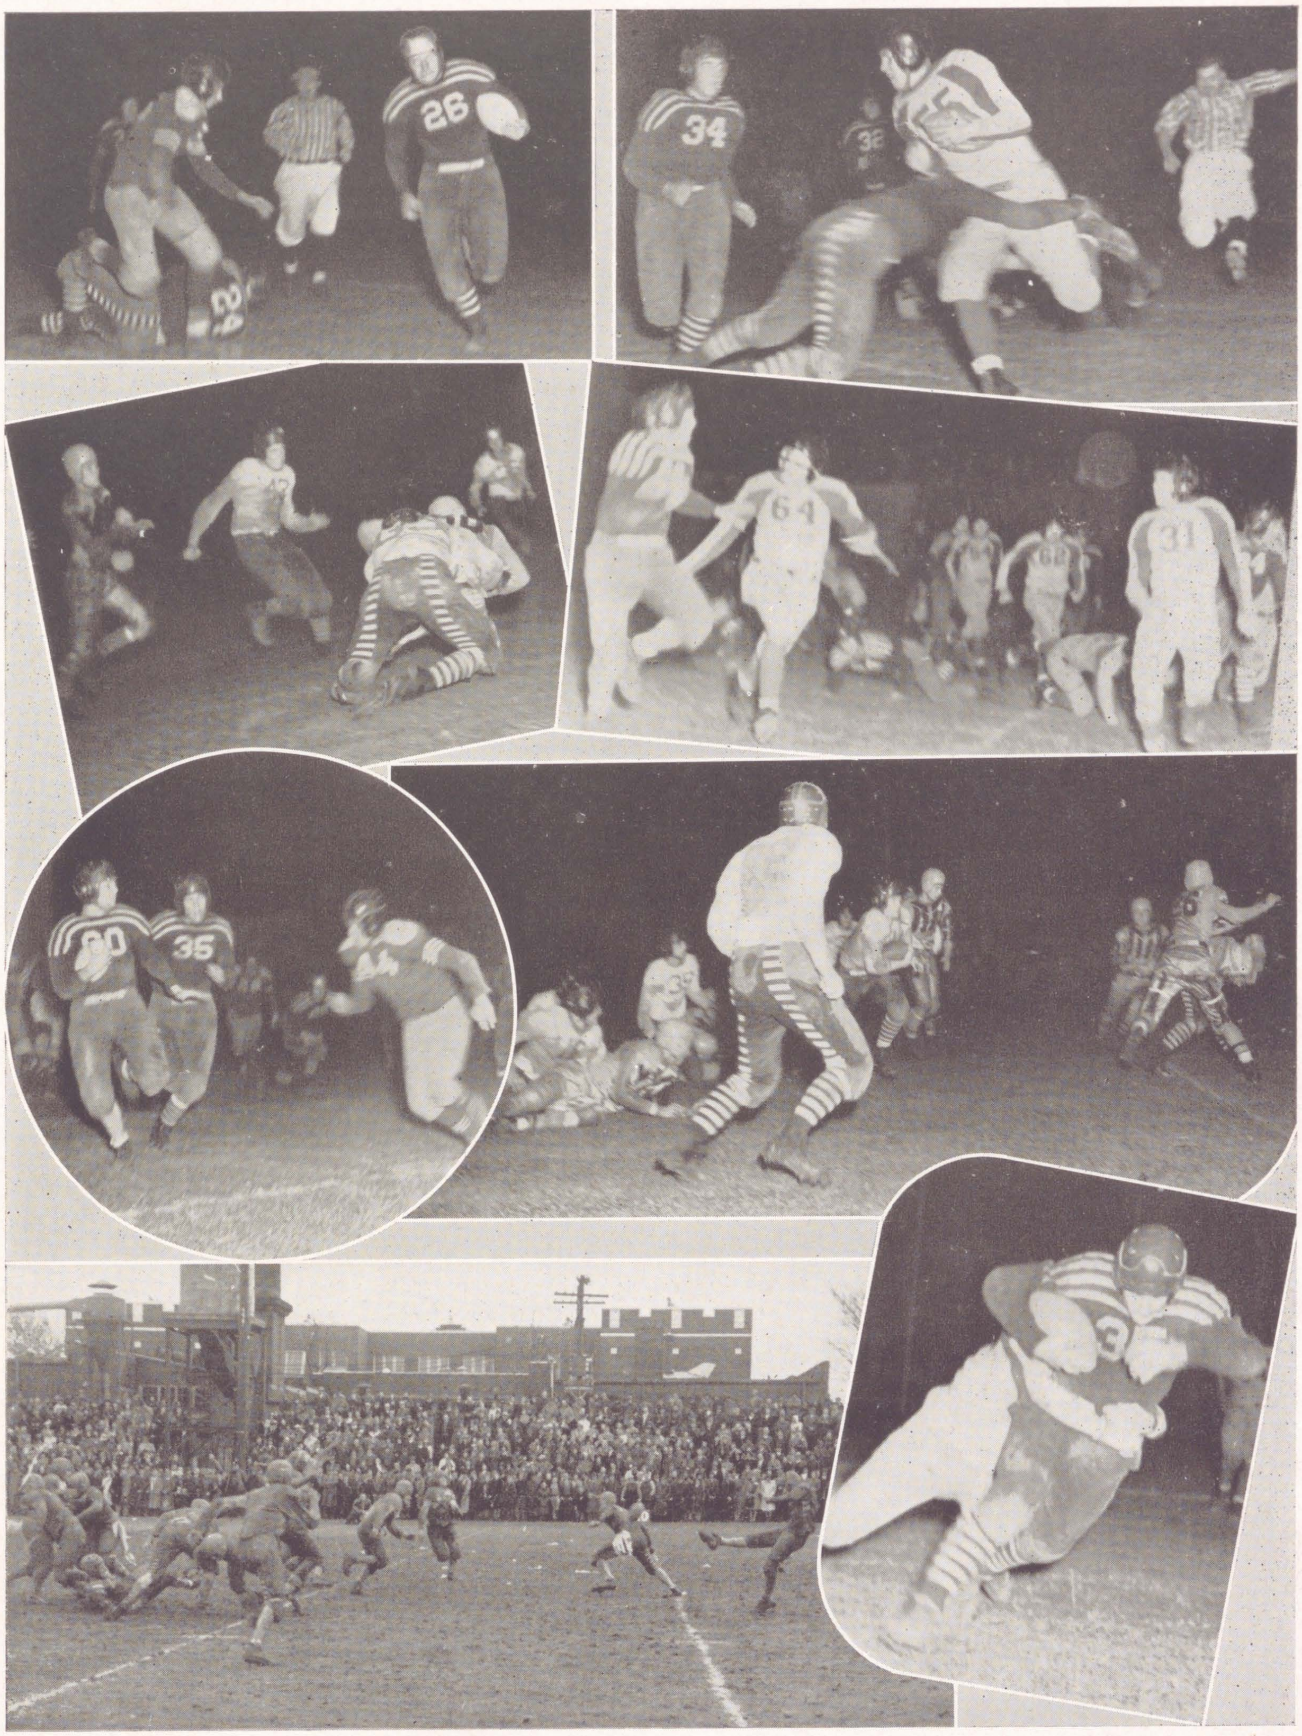

Coach Friedli, our athletic director, has done a fine job in administering our sports and sports events. The boys all admire him and look to him for confidence and courage. His ideals are good sportsmanship and fighting spirit.

H. B. TABOR

Although most of Tabe's boys were young and inexperienced, he did a fine job of coaching them.

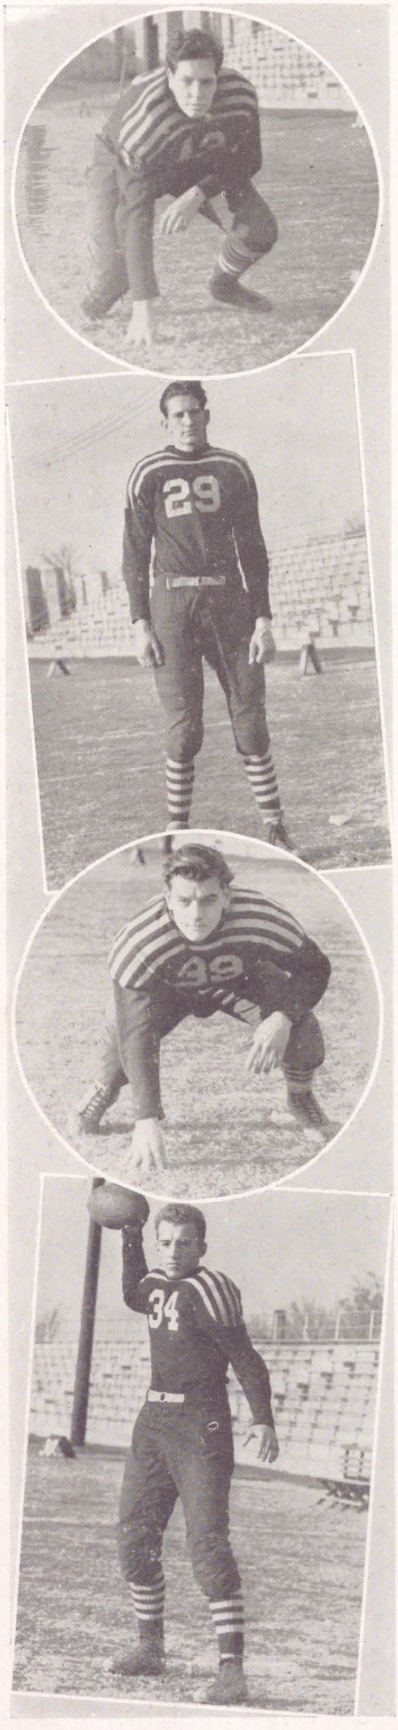

With Tabe's fine coaching in view; the boys feel very optimistic about next fall's season.

Groh for a touch down.
Don't get personal.
Guard him Junie.
Kick Off!

Down Him.
What a Mess!
Goal line's in sight.

Halfback

A hard-driving back

FOOTBALL

BELLEVILLE, 19; SPARTA, 13

The Belleville Devils opened their 1940 season with a victory over Sparta. This was the first game played in the new all-concrete stadium.

Stars of the Belleville victory were: co-captains Junie Miller and Ralph Groh, Dick McKelvey, Ollie Herzler, Red Schrei, Bubber Heely, and Les Freeman.

At the end of the first quarter the score stood 7 up. Les Miller made the touchdown for Belleville. Two touchdowns were made in the last half for Belleville by McKelvey and Heely.

BELLEVILLE, 13; CLEVELAND, 20

The 1940 edition of the Maroon's showed great spirit in their game when they were bravely defeated by Cleveland High School of St. Louis. Starting on Belleville's 49 yard line, Cleveland immediately gained ground. Through a pass, Cleveland made a touchdown in the first quarter.

Belleville made their two touchdowns in the last quarter. A pass from Heely to Miller and a lateral from Miller to McKelvey put the ball on Cleveland's five-yard line. Next, McKelvey went off tackle for a touchdown.

The Devils' last touchdown, by a series of passes, was made by Groh.

BELLEVILLE, 6; WOOD RIVER, 21

The Maroons played their first conference game with Wood River Oilers.

The Belleville boys got off to a fine start by getting a touchdown during the first few minutes of the game. Heely passed to Less Miller who lateralled to McKelvey. He carried the ball to the 49 yard line. Then Groh kicked the ball out of bounds. The Oilers then punted but the kick was blocked by Miller. Then the next play went to Heely who carried the pigskin across the line.

The second touchdown for the Oilers came after their kickoff to Belleville. Wood River's last touchdown was made when Raines intercepted Groh's pass. Milich passed to Ufert for the extra point.

BELLEVILLE, 0; CATHEDRAL, 0

The Belleville Devils clashed with the Crusaders for four quarters without scoring on the night of the dedication of the new stadium.

Both teams showed great spirit and confidence. In the first quarter Belleville piled up four first downs while Cathedral couldn't gain any. McKelvey and Groh were responsible for these downs.

During the third quarter Jib Schmidt took the ball and ran 39 yards, crossing the line only to find that his backfield was in motion.

BELLEVILLE, 6; EDWARDSVILLE, 13

The Belleville Maroons again showed fighting spirit in a losing battle at Edwardsville where they were outscored 13 to 6.

Although the Devils were beaten they won the recognition of being the first team to score on Edwardsville this season.

During the fourth quarter, the Belleville boys got together and made a touchdown. This was made possible through the efforts of Les Miller, Dick McKelvey, and Ralph Groh. Les Miller recovered a fumble made by Edwardsville on the 20 yard line. McKelvey gained through a series of plays and then passed to Groh, who made a good run over the goal.

BELLEVILLE, 33; MADISON, 0

The Belleville Devils won their first game during the conference, 33-0. The team seemed to be in fighting spirits.

Belleville's first touchdown came in the first quarter. Dick McKelvey and Buddy Paul each ran the ball three yards after a fumble received by Bob Groh on the nine yard line. Ralph Groh took the ball and crossed the line for a touchdown. McKelvey then kicked for the extra point. Les Miller scored another touchdown, McKelvey kicking for the extra point.

During the second quarter Ralph Groh made a fine run of thirty-eight yards. He was then thrown out of bounds. From there McKelvey carried the ball to a touchdown.

During the third quarter McKelvey broke away to carry the ball for forty-four yards to a touchdown. Miller plunged over the line for the extra point. Les Freeman made the last touchdown during the 4th quarter.

BELLEVILLE, 7; GRANITE CITY, 13

The Township High Gridders showed fighting spirit and good sportsmanship during the game with Granite City.

The Maroons made their only touchdown during the last quarter when McKelvey passed to Ralph Groh. Miller carried the ball for the extra point.

BELLEVILLE, 13; COLLINSVILLE, 0

The Belleville Devils showed great confidence and spirit in the game with Collinsville. The changes in some of the positions seemed to make the Maroons more efficient.

Belleville's first touchdown came in the second quarter. Collinsville punted, Ralph Groh picking the ball up on the 32nd yard line. Ralph fumbled the ball on the next play but recovered it and made a spectacular run of 73 yards down the sidelines. He carried the ball past the whole Collinsville team, to a touchdown. McKelvey kicked for the extra point.

The last touchdown came in the third quarter when Buddy Paul intercepted a pass on the 43 yard line and carried it to the 32nd. Junie Miller and Ralph Groh each gained ground until the Collinsville team was penalized for roughing. McKelvey then took the ball through for a touchdown.

BELLEVILLE, 12; ALTON, 20

The Belleville Maroons were outclassed by the Alton Red Birds and were set back to fifth place in the conference.

There was no scoring done in the first quarter as both were playing equally well. In the second Belleville took the ball after a punt by Alton and advanced it to the 29 yard line. Then Buddy Paul took the ball and passed to Les Miller. He, in turn, lateralled to McKelvey, who crossed the line for a touchdown.

It was towards the end of the third quarter when Belleville again scored. Paul tried a pass to Les Miller which proved successful. This placed the ball on Alton's 43 yard line. Les Miller passed to Paul who then gained 30 yards, putting the ball on the 13 yard line. McKelvey then took the ball and crossed the line. Belleville's luck seemed to fail towards the fourth quarter when Alton gained 14 points.

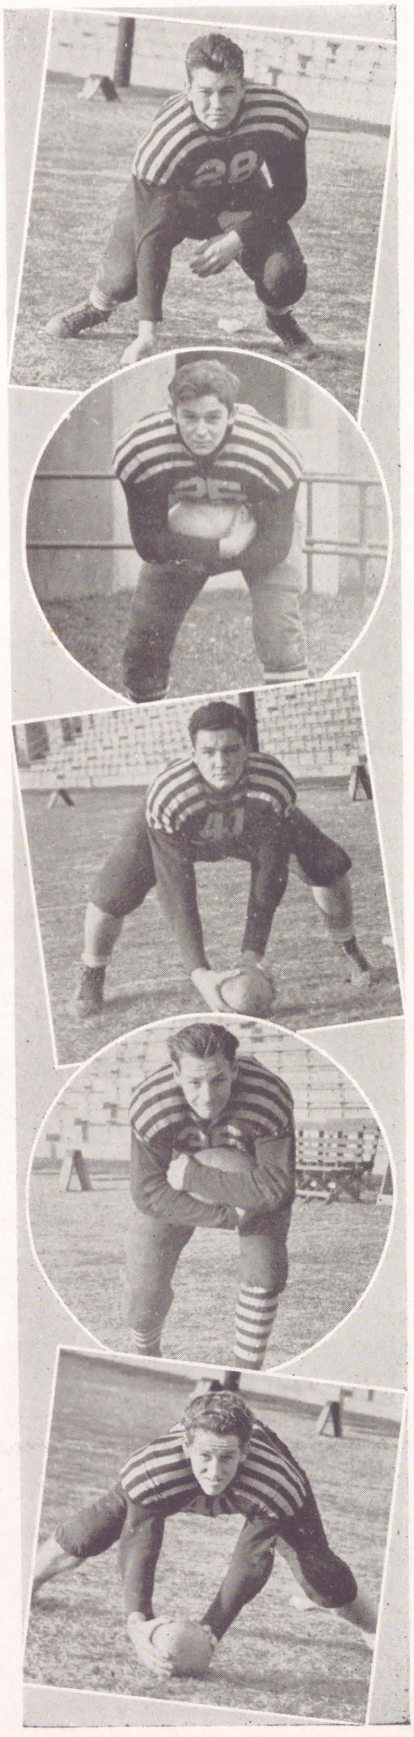

BELLEVILLE, 0; EAST ST. LOUIS, 31

Coach Tabor's boys had a hard time swallowing their turkey dinners on Thanksgiving after their noble defeat by East Side. The boys did their best.

Outstanding player of the game on the side of the Flyers was Jim Hight, left halfback. He made four of the touchdowns and was instrumental in making a fifth.

The final touchdown was made during the fourth quarter when Hight got away on a reverse play. Skrabacz made the extra point.

BASKETBALL

BELLEVILLE, 20; LEBANON, 19

The Belleville Devils opened their 1940-41 season with a hard earned victory of 20 to 19 over the Lebanon Greyhounds. Buddy Paul led the Belleville squad in scoring, accounting for five points. Eddie Taylor also did some outstanding playing. He seemed to be all over the floor at once. Belleville led in the scoring throughout the game.

BELLEVILLE, 23; UNIVERSITY CITY, 24

The Maroons tried hard, but they just couldn't make the grade to beat University City. Twice the Belleville boys tied University City, but at the end they lost by one point. The game seemed a lot slower than the Lebanon game. Four Devils tied for the high points. They were: Bud Paul, Les Miller, Joe Browy, and Lawrence Starman, each making four points.

BELLEVILLE, 27; O'FALLON, 18

The Belleville Devils won their second game of the season by defeating O'Fallon 27-18. Al Kraft led the Devils in points by making a total of eleven. Eleven men on the Belleville squad saw action.

BELLEVILLE, 11; MADISON, 18

Belleville lost their second game to the Madison Trojans by a score of 18 to 11. The Maroons led the Trojans in the fourth quarter, but couldn't keep the lead. The game was a fast and furious one marked by a total of 28 fouls.

BELLEVILLE, 14; MARISSA, 34

The Belleville Devils suffered a real defeat at the hands of Marissa. The Marissa Meteors made many good long shots which put them in the lead at the start and ever increased it. Al Kraft and Bob Glueck divided the high point honor, each having a total of four points.

BELLEVILLE, 25; EDWARDSVILLE, 39

The Maroons kept in step with the Edwardsville Tigers for the first two quarters, but faded out in the last half. The score at the end of the half was Belleville 19, Edwardsville 20. During the last half the Devils succeeded in gaining only 6 points, while Edwardsville gained 19.

BELLEVILLE, 26; CATHEDRAL, 19

Coach Tabor's boys gained quite a surprising victory over the Cathedral Crusaders in the first game of the city championship series. The Crusaders led the first quarter by a score of 6 to 4.

Al Kraft made ten of Belleville's 26 points, while Jim Schmidt accounted for nine of Cathedral's 19 points.

BELLEVILLE, 23; COLLINSVILLE, 28

Hubert Thomas and his Collinsville Kahoks were just a little too good for our Maroons. Les Miller, playing at center, led the locals with 10 points. The score see-sawed back and forth. The outcome could just as well have meant victory or defeat for the Devils, because the teams played a close and clean game. During the last few minutes of the game Collinsville seemed to spurt ahead; the Belleville boys not being able to catch up with them.

BELLEVILLE, 10; WOOD RIVER, 33

Belleville was noticeably out-classed from the beginning by the Oilers. Roux, Woodriver's All-Conference guard, was the main cause for Belleville's defeat. The Belleville boys just couldn't seem to follow him.

BELLEVILLE, 19; EAST ST. LOUIS, 26

The Belleville boys met their traditional rival here, giving them a real battle until the last quarter. The scoring honors for the Maroons was equally divided, each boy doing his part to hold the Flyers. They succeeded until the last quarter when the Flyers gained seven points and a victory.

BELLEVILLE, 22; ALTON, 32

Ralph Groh snapped out of his listless type of play and demonstrated his ability to play basketball by making 4 field goals. Nevertheless, the team went down in defeat.

Alton led throughout the game, but at one time Belleville came within two baskets of tieing the hilltoppers.

BASKETBALL

BELLEVILLE, 24; GRANITE CITY, 29

Coach Tabor advanced Bob O'Neal and Russ Sprague from the "B" squad to the starting quintet. This seemed to strengthen the team and give them moral support. But this did not offset the superiority of last year's state champions.

BELLEVILLE, 14; CATHEDRAL, 12

The Maroon Basketeers won the city championship by downing the Cathedral quintet 14 to 12. The game was very slow with very few shots being made. Lawrence Starman's height seemed to be the deciding factor in the game because of his ability to tip in shots.

BELLEVILLE, 17; MADISON, 27

Madison, led by Douglas, downed the Maroons 27 to 17 on their home floor. The game was close the first quarter but after that Madison gained a good margin and coasted to victory. At this stage Belleville had not gained a single victory in the Southwestern Conference.

BELLEVILLE, 25; EDWARDSVILLE, 27

The Maroons played their best game of the season to date against the Conference-leading Tigers. During the last quarter the Maroons tallied eleven points to come within three points of victory.

Bud Paul, Bob O'Neal and Russ Sprague shared scoring honors with six points each.

BELLEVILLE, 28; O'FALLON, 26

In one of the most exciting games of the season, Belleville defeated O'Fallon 28 to 26. The game was very fast with Belleville holding the lead at the end of each period. The Devils, on the whole, played a very good game of basketball.

BELLEVILLE, 24; COLLINSVILLE, 47

Belleville went to Collinsville seeking revenge for the defeat handed them by the Collinsville Kahoks earlier in the season. At the end of the half Belleville seemed to be fulfilling their mission, but during the last half Collinsville walked over Belleville for a 23 point margin of victory.

BELLEVILLE, 23; WOODRIVER, 30

In another exciting game the Oilers downed the Maroons 30 to 23. The game was rather rough, but still a good game. The entire Maroon team shared about equally in the scoring. Roux again proved to be the outstanding player on the floor.

BELLEVILLE, 25; EAST ST. LOUIS, 23

Belleville won their first game of the conference from their oldest rival, East St. Louis. The Belleville boys showed good spirit with Bob Glueck doing some fine shooting. The Flyers led eleven to one at the end of the first quarter, and 17 to 8 at the end of the half.

The Maroons changed their tactics and advanced slowly but steadily to victory.

BELLEVILLE, 23; ALTON, 30

Coach Tabor's boys fought a losing battle with Alton. Patterson, Alton's All-Conference player, proved the big factor in Alton's victory. The game was very rough and fast.

BELLEVILLE, 17; GRANITE CITY, 16

In possibly the most exciting and interesting game of the year, Belleville beat the State Champs of last year, 17 to 16. Granite held a slim margin most of the game, but Belleville started to move in the last quarter. The victory was due to the fine work of Bob Glueck, who scored 4 points in the last 30 seconds.

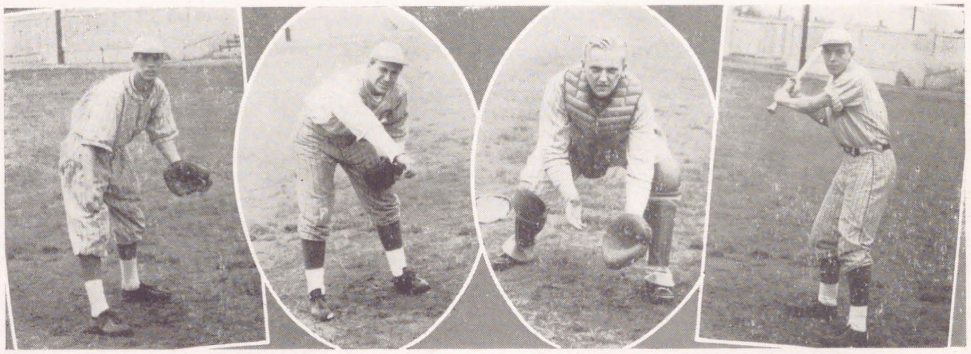

BASEBALL

First Row: Don Schmidt, Bob Glueck, Alfred Kraft, Les Miller, Bob Groh, Melvin Becherer, Bob Pilkington, Bud Paul. Second Row: Bob O'Neal, John Thompson, Allen Gromlich, Russel Lisch, Herman Wamser, Homer Knefelkamp, John Cochrane, Berny Kroupa. Third Row: Eddie Scharz, Vincent Boden, Stanley Sprague, Wilfred Geissler, Dale Krehmeyer, Joe Browy, Don Siegel. Fourth Row: Kenneth Evans, Dick Oughton, Coach Friedli, Art Wagner.

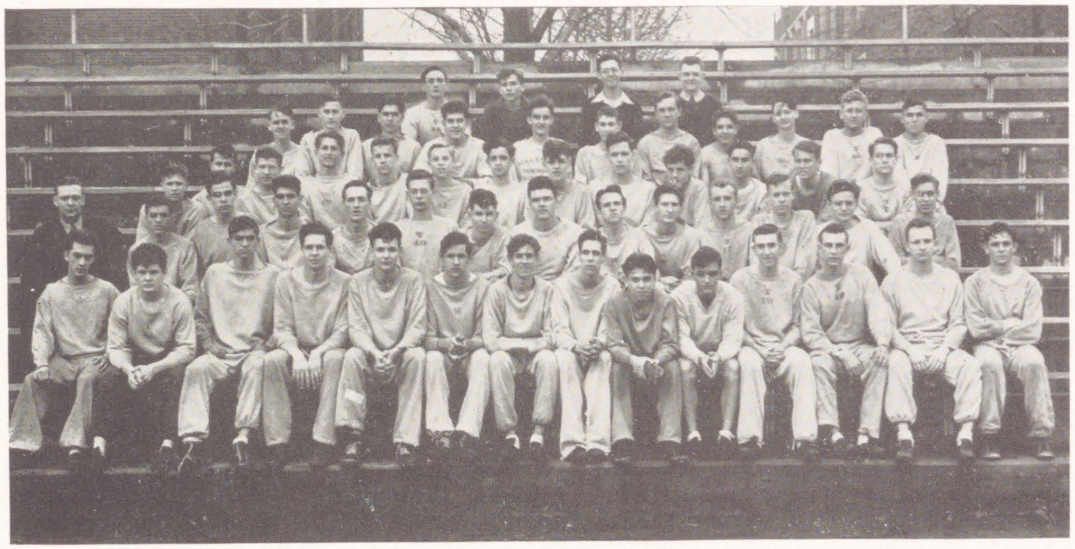

Les Miller, Berny Kroupa, John Cochrane, Bob Glueck

Alfred Kraft, Herman Wamser, Homer Knefelkamp, Bud Paul

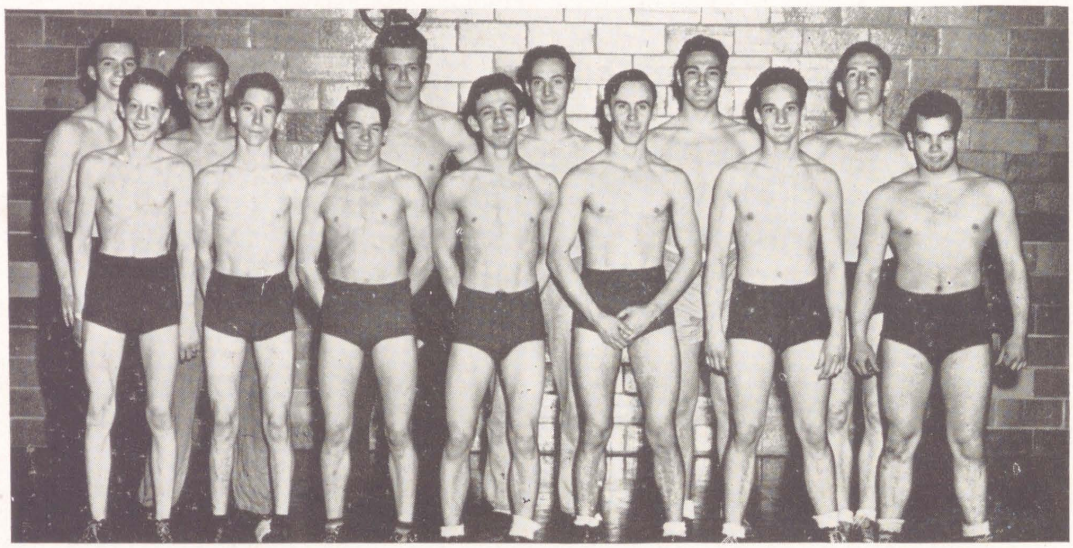

TRACK

First Row: Ray McGaughey, Dick McKelvey, Lawrence Starman, Jim Nivin, Milton Fehr, Robert Flach, Bill Faulkner, Larry Christopher, Jim Hinton, Jim Seib, Wayne Meng, Adolph Knebelkamp, Ralph Groh, co-captain, Bob Ceasar. Second Row: Coach Harpstreit, Kenneth Richert, Ray Gerfen, Earl Petroff, Les Freeman, Rus Sprague, Ward Kreitner, Darwin Lloyd, Elwood McCord, Mike McGuire, Bubber Heely, Bob Gass, Kenneth Reynolds, Dale Michaeli. Third Row: Don Schade, Pete Kalos, Elwood Smith, Bill Reifschneider, Warren Saas, Commodore Schuckman, John Gemmin, Allan Botts, Bill Kuhn, Fred Dintleman, Herman Weideman, Ralph Arnote, Leroy Muskopf. Four Row: Art Wolf, Kenny Rapp, Francis Brestal, Warren Hansleben, John Knewitz, Paul Baro, Dale Eccles, Frank Cacciatone, Bob Dehn, Vernon Becker, Orville Bruss. Fifth Row: George Becker, Billy Burke, Ralph Manring, Leonard Ritter. Not Shown: Edward Trim.

The track team has done exceptionally well this season under the fine coaching of Ted Harpstreit. Russel Sprague broke the school record for the 220 low hurdles. Lawrence Starman broke the school high jump record by jumping five feet 11 inches.

WRESTLING

First Row: Richard Zogg, Robert Padon, Clarence Hettenhausen, Capt. Bill Seib, Darwin Heely, Bob Groh. Second Row: Jack Wangelin, Eugene Perolio, Ralph Martini, Lester Freeman, Hugo Heinemann, Robert Schrie.

The wrestling squad, under the supervision of Coach Wally Rauth, had a fine season. They were well represented at the district and state meets. Darwin Heely took third place in the state meet. The entire team took third place in the district meet at Granite City.

TENNIS

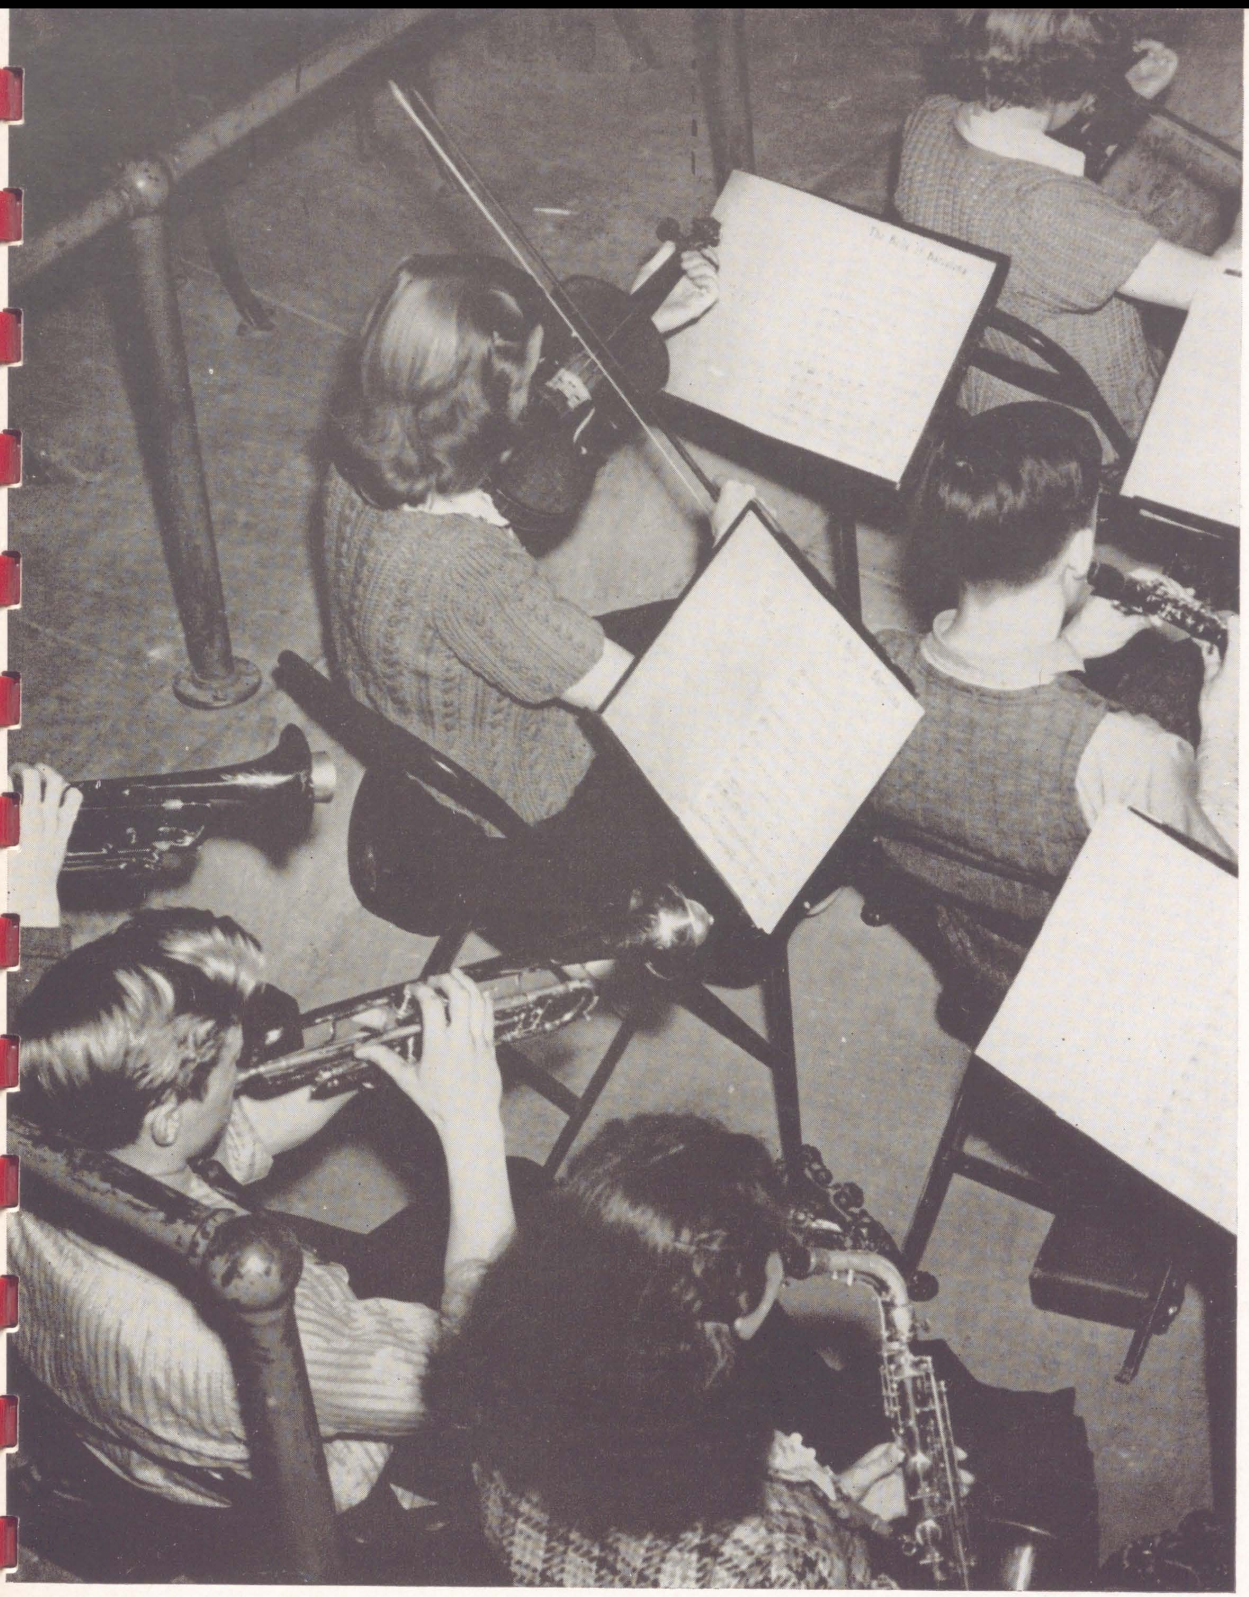

First Row: Ed Burrus, Rodney Bub, Richard Zogg, Bill Bain, Bob Paden, Dean McClain. Second Row: Jared Davis, Bill Stiehl, Kirk Erlinger, Donald Klorh, Capt. Otto Brosius, Coach Naffziger. Not Shown: Norman McCutchen, Jack Thorman, Emerson Hough.

The tennis team, coached by Fred Naffziger, has won high honors again this year. The team won first in the district tennis meet. Otto Brosius took first place in the district singles. The players have shown fine spirit and sportsmanship throughout the season.

ON THE FOLLOWING PAGES ARE THE NUMEROUS ACTIVITIES WHICH WE AS INDIVIDUALS HELPED TO PROMOTE. WE ALL REALIZE THAT NOTHING IS GAINED WITHOUT HARD WORK AND UNTIRING EFFORT. THIS HAS BEEN PROVEN IN THE FOLLOWING CLUB GROUPS AND PLAYS.

IN LATER YEARS WHEN PAGING THROUGH THIS BOOK THESE PICTURES WILL BRING BACK MANY JOYFUL EXPERIENCES AND PLEASANT MEMORIES. THEY WILL RECALL FOR US THOUGHTS OF THE MANY FRIENDS MADE THROUGH THESE ORGANIZATIONS. THE ACTIVITIES WHICH WE PARTICIPATE IN WILL ALWAYS LINGER IN OUR MINDS.

THE STAR SPANGLED BANNER

THE CORNER OF OUR STADIUM

HOT DOGS ON SALE

STADIUM DEDICATION

WHAT A DULL, DRAB WORLD IT WOULD BE IF SORROWS WERE NOT FOLLOWED BY LAUGHTER.

MOST OF OUR FUN, AND LAUGHS COME IN OUR HIGH SCHOOL DAYS. WITH OUR STUDIES AND OTHER SERIOUS ACTIVITIES WE ALWAYS FOUND TIME FOR A FEW LAUGHS.

THE PROGRAM OF THIS SCHOOL YEAR HAS BEEN FILLED WITH MANY THINGS OF A HUMOROUS NATURE.

IN THE FOLLOWING PAGES RECALL WITH US SOME EVENTS ENJOYED BY YOU AND ME.

IF

CALENDAR

SEPTEMBER

2—School begins.

5—Charles Schifferdecker ate a lizard, and only got $1.25.

7—Dan Evans was found in a girl's locker, and was expelled for a spell.

13—First game! A big success.

16—What next? Gypsies chase B. T. H. S. students around the campus. They ran only because their charger was waving a hatchet.

18—Dixie Wilson gets up enough courage to wear her socks in two parts.

20—A new idea! Mixers after football games.

23—Student Council paper drive began.

26—Pat Marshall sat on a tack in Miss Hueckel's third hour English class.

OCTOBER

2—Cal Bien assured Miss Farmer that he was not responsible for any material that wasn't given in a magazine article.

5—Phil Rhein is becoming an expert in Jitterbugging.

10—Quentin Stenzel fell down the Staff room steps. Such clumsiness.

12—Bob Kiefer and Lucille Schwartz dodged paying cover charge at Hotel Jefferson.

15—J. R., J. S., S., and B. J. E. send a singing telegram to Durham, N. C. Let them know when your birthday is, they might send you one.

16—Martin Schaefer goes scooter riding in the Staff Room. Second childhood?

26—Hugh Marsh seems to prefer taking his lunch. Specialty—apple pie.

29—A peculiar odor has been noticed around the campus. Source—Bellevinois Staff Room.

30—More odors, this time cheese and popcorn. It seemed that the members of the staff cooked their lunch.

NOVEMBER

1—Only 21 days to vacation.

5—Roosevelt must believe in "Third time's the charm."

8—Bellevinois Staff is selling hot dogs during football games now.

15—We got beat by Alton. Fun at the mixer after the game.

20—Hobo Day. Miss Farmer's College English class really was a riot.

21—Thanksgiving . . . East Side still holds the jinx over Belleville.

22—No school—a day to recuperate after turkey and Thanksgiving dance.

29—B. T. H. S. Musical. Who said we didn't have a good band?

DECEMBER

2—Just another blue Monday. But cheer up, another week-end will roll around.

6—Did someone say some excitement would appear. Oh well, make the best of it.

13—Little Women—a grand success.

18—Fellows rushing around. You can bet they're dashing to get a date to one of the many Christmas dances.

21—Jan. 1—Everyone feels as though he is on top of the world with all the Holiday fun.

28—Did you know we had a second Gene Krupa in B. T. H. S.? "Drummer Boy"—his specialty. His initials are J. H.

31—Fun for all in every way.

JANUARY

1—Resolutions galore. Wonder how many will be kept.

4—After Christmas blues, and such feelings at thought of coming exams.

17—Bellevinois has a mixer.

20—Staff room isn't the same. Exam worries you know.

21-25—The "Dark Days" pass, and everyone survived, physically anyway.

27—Mr. Thorne's limping isn't old age.

30—Miss Fleischbein received a bottle from (?). Sorry can't say what kind of bottle it was.

FEBRUARY

1—Mr. Schmidt's office seemed like an assembly—Everyone was trying to change their schedule.

5—Phil Rhein seems to have a weakness for cemeteries. He doesn't think they're so much fun when you're lost in one!

8—Pat Vorhes broke her elbow, but didn't mind staying home. Art Hough was such good company.

10—Dixie Wilson is still out of the limelight at B. T. H. S. This time it really must be the real thing.

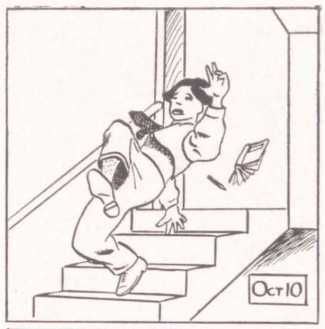

17—Martha Rothgangel has the prettiest plaid pajamas. She gave an exhibition at the Green Tea Pot.

20—Dick Hilgard's dog comes in handy when he needs an excuse to get out to see P. W.

28—Military Ball.

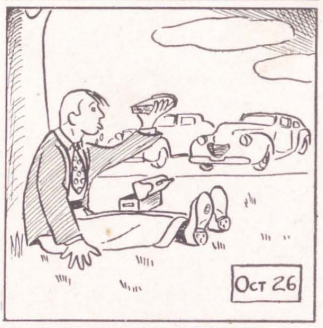

30—Bowling is the newest thing. You can find almost anyone you're looking for at the bowling alley these days.

21—What happened in the Cafeteria between "Little Darwin" and "Little Audrey"?

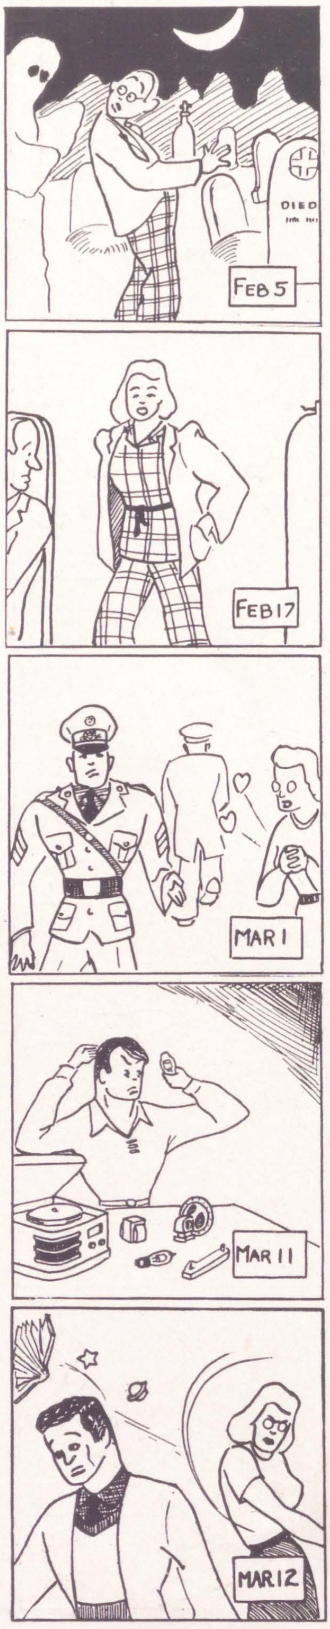

CALENDAR

MARCH

1—Shirley Peskind doesn't seem to be allergic to uniforms. Can't blame you Shirl, there are some swell fellows in the Army.

5—"Junie" Miller seems to prefer female barbers now.

8—Mary Ann Robertson seems to be kept busy keeping tab of P. H. in between his trips.

11—Don Brandes turns mechanic to his recording machine—not much luck—the words ran backwards.

12—Nancy Spitze throws books in general direction of Martin Schaefer.

17—Nancy Weber took Miss Kircher up on her gum proposition. She was seen strutting across the campus with two huge bags of **double-bubble gum.**

20—Stan Waldman seems to be using his Botany class as a gambling center. Missouri mills!

21—It seems as though M. Diffey was ambitious one morning. She was seen at the 5 and 10 cent store at 7 a. m. P. S. With roller skates.

28—Rowdy House Party.

APRIL

1—Hugh Marsh is a working man now.

3—For You To Live—It was something new.

5—Calico Cut-Up—Did all you farmers have fun?

18—Belle of Barcelona—Marion Childers had a stunning plaid suit on.

20—Our track team has been winning highest honors at their meets.

22—Spring, Spring—Spring fever and romance—Hmm who's next?

28—Mr. Thorne is still handing out the same lines.

MAY

3—David Copperfield—No one has taken up kite flying yet.

9—G. A. A. Dance—Bonnie Simms is B. T. H. S. Sports Queen.

12—Miss Farmer read Dick Wire's composition in class. It was an autobiography of his life—what a life!

14—Last minute rush for "Bellevinois" write-ups.

18—Commencement is drawing near, and "wonder if I'll make it"—worries start.

20—Bernie Kroupa has a slogan "Yossem Miss Jossem".

23—Junior Jam—Play, carnival, and dance—wow, what a night!

26—Nolan Smith just can't keep his mind on his Botany.

JUNE

2—Everyone's waiting for the Bellevinois to come out.

4—Worries begin—especially for some of us Seniors.

9—Friends snub friends, but they'll apologize in a week.

11—Senior Play.

12—Night of all nights—Junior-Senior Prom.

13—Commencement—Lots of luck, kids!

JUNIOR JAM PLAY

"FROM TOBACCO ROAD TO HOLLYWOOD BOULEVARD"
